point 9 "Conclusions on adult learning"

Adult learning

The Council is expected to adopt conclusions on adult learning.

The draft conclusions emphasise the need to provide continued skills development and further education for adults as part of the overall drive to establish lifelong learning.

The draft conclusions are a response to the Commission communication "It is never too late to learn" ([14600/06](#)) submitted in October 2006 and to the Community-wide action plan on adult learning ([13426/07](#)), submitted in September 2007.
